

Tacoma 155 PowerLED

The Tacoma 155 PowerLED requires only one inch of installation depth and fits with screws, making it the perfect choice for installations in fiberglass overhangs. It's distinctive twist-on trim ring is made of stainless steel for flexible mounting and it coordinates well with our Portland PowerLED spots. Our latest duo-chip PowerLED technology combined with a custom reflector design delivers high lumen output and a clean visual appearance.

An excellent choice for:

- Salons and living spaces
- Staterooms
- Flybridges & overhangs
- Heads & galleys

Tacoma 155 PowerLED

Features

- Stainless steel twist-on trim ring
- Shallow installation depth
- Secure screw-mounting
- Integrated drive electronics
- PWM dimming interface
- No radiated heat

Benefits

- Substantial power savings
- High lumen output (equivalent to 25W halogen)
- Cooler cabin temperatures
- Maintenance-free; no more bulb changes
- No external driver required
